

PATHETIC STORIES BY GIEL GARMENT WORKERSOFCHICAGO **EX-PRESIDENT OF NEW HAVEN TAKES THE WITNESS STAND**

of Dr. Karl Helfferich, secretary of German imperial treasury; Sir Edward Grey, British foreign secretary and other responsible personages. It is possible an impossible condition of peace give color to the suspicion that something may be going on behind the curtain.

Premier Asquith's continued illness has relieved for the moment the tension in the cabinet. The cabinet has been through a crisis and temporarily quieted the controversy which has arisen over the ministry.

In the eastern and western war zones the opposing troops are continuing the operations which are their daily routine. The fighting is continuing in the same actions. In the west the Germans have been bombarding heavily the district east of Rheims and the French outposts in the heavily wooded mountain spots in the German lines on the Aisne.

Except in northwest Russia the Russian troops are doing little more than vigorously on the offensive and taking towns and positions from the Austrians and Germans and inflicting heavy casualties on the enemy. The reports.

General von Linsingen's army along the Sty river has for several days been

Government Forecast.
By The Associated Press.
Washington, Oct. 20.—Forecast:
Texas, Oklahoma, Arkansas and
Louisiana, Fair Thursday and Friday.

The person quod occupies a position which lends much weight to his opinion on this question and the result of his observations during a discussion of certain future possibilities in the Balkan situation.

Pressed to give a reason for his opinion, the official replied that the balance of power is really "the sound business sense of the British" which would lead them to move for peace as soon as they saw nothing was to be gained by continuing the war.

"Now we hold in the west," he continued. "Strong fortified line enclosing French and Belgian territory. We shall soon have the same in the east." Behind these two lines we can sit tight and defy all efforts of our enemies to break through.

"I have much confidence in the lines of the Marne and the Aisne, and that, when once they have found the Dardanelles cannot be forced this will lead them to take steps in the direction of peace."

The correspondent suggested that business men usually are unwilling to make a contract wherein all the ad-

official replied that for Germany to make a statement at this time on the conditions of peace might possibly be to the disadvantage of the business and for the present he preferred to await overtures from the other side.

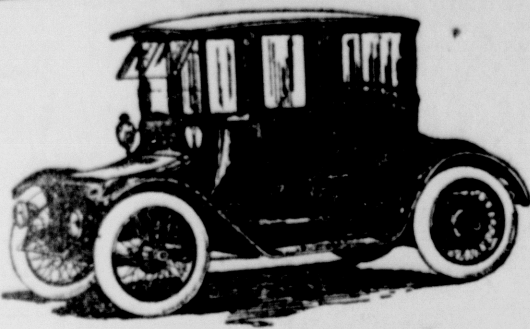

Since this conversation, the correspondent of the Associated Press has heard similar remark from other officials. The *Times* reports that in various political, business and industrial, financial and agricultural organizations are pursuing the discussion of the above topic of peace in the event of a war, although claims of the war have been the prevailing topic of high in the press.

The *London Times* is the prevailing topic of German society indicates to that the government is inclined to that the peace is the prevailing topic.

Turn to the other side of the coin, the utterance of Dr. Karl Helfferich, secretary of German Imperial treasury, S. R. Edward Grey, British foreign secretary, and other prominent personages of the world, is a possible an impossible conditions of peace give color to the suspicion that something may be going on behind the curtain.

Detroit Electric

\$1975 to \$2275

—judge this car
by its utility

After all the utility of an automobile — its day-in-and-day-out usefulness to you — is the only real measure of a motor car's value. The Detroit Electric — an electric-powered enclosed automobile — is the most useful car because every member of the family can use it in all weather all the year round. Its big batteries give you greater mileage range — on one charge — than you will ordinarily get from a gas car. It has plenty of speed and power to pull through heavy going and up steep hills. Furthermore — it rides smoothly and comfortably over suburban roads as well as over paved streets. We will gladly arrange a demonstration at your convenience.

Prices range from \$1975 to \$2275

Anderson Electric Car Company

Manufacturer of the Detroit Electric Car.

LOOK AT CHILD'S TONGUE IF SICK CROSS, FEVERISH

WHEN CONSTIPATED OR BILIOUS
GIVE CALIFORNIA SYRUP
OF FIGS.

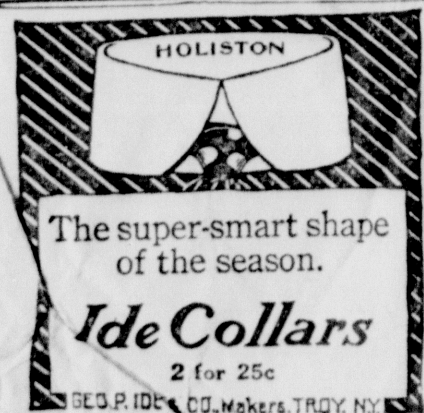

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once. When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad, has stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of California Syrup of Figs and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of his little bowels without griping, and you have a well, playful child again. You needn't coax sick children to take this harmless fruit laxative; they love its delicious taste, and it always makes them feel splendid. Ask your druggist for a 50c bottle of California Syrup of Figs, which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeiters sold here. To be sure you get the genuine, ask to see that it is made by California Fig Syrup Company. Refuse any other kind with contempt.

Charter Convention Will Meet Tonight at the City Hall

The second meeting of the charter revision convention, consisting of five delegates from each of the six wards of Waco, will be held at 7:30 tonight in the commission chamber at the city hall. At a meeting last Thursday night the convention organized by electing Seth P. Mills, chairman, and J. E. Fox, secretary.

According to plans outlined, recommendations of Mayor Higgins, City Attorney Maxwell, Commissioners Dolins and Richards and of John K. Spencer, a member of the convention, will be discussed tonight. It is also expected that a mode of procedure will be adopted and specified time and meeting place decided on.

Hazing Law Unconstitutional.
By The Associated Press.
Monmouth, Ill., Oct. 20.—Judge L. E. Murphy of the Warren county court handed down a decision today holding the state law of 1901 making hazing a misdemeanor unconstitutional on the ground that it is class legislation.

AD CLUB WILL MEET BYRON W. ORR AT MEETING TONIGHT

"What the Ad Club Does for a Town" will be the topic discussed at the meeting of the Waco Ad Club at 8:30 tonight in the cafe of the Hotel Waco by Byron W. Orr of Dallas. Mr. Orr is one of the best known advertising men of the state and is a pleasing speaker. An effort will be made to have a record attendance.

Negro Who Tries to Pass Bad Bill Is Caught in Act

A negro attempting to pass a \$2 bill which had been raised to \$10 at the ticket wagon of the 101 Ranch show last night was caught by Patrolman Mallard, after a chase through the crowd. The ticket seller saw that the bill had been altered when the negro presented it, and, as the negro started to run, cried, "Catch him," which Mallard did. Raising the figures had been done very crudely.

Viewpoint Praises Mabel Riegelman

Since Mabel Riegelman is to be one of the attractions on the Euterpean club program this season, the following press note of her work in Hansel and Gretel will be of interest to Wacoans.

"Naturally, considering the quality of the individuals and the costliness of the equipment, much was expected at the concert yesterday and it is a delight to believe that every reasonable expectation has been more than fulfilled. The somewhat diminutive but always delightful 'Hansel and Gretel' initiated the series with the sincerity of the performers and the brilliancy of the tonal colorings appealed to the patrons. The enthusiasm Mabel Riegelman put into the role of Gretel was no less gratifying than the quality of her voice. Her reputation is justified by her merit."—Viewpoint (Dallas) 1913.

PERSONAL MENTION.

E. A. Kenney is back from Benton Harbor, Mich., where he attended his father's funeral.

W. W. Adickes, one of Huntsville's best known bankers, was in Waco yesterday.

Mr. and Mrs. J. W. Tinsley and Mr. and Mrs. J. E. Watson are in Dallas attending the fair.

Col. W. M. Manchester of the Waco Transfer company will go to Dallas today for the convention of the Texas Transfer Men's association, he having founded the organization here about eight years ago.

Weems-Lawson Marriage.
Miss Anna Lawson and Boyd Weems of McGregor were married by Justice J. J. Padgett at his office in the county court house at 6:10 last evening.

Kick Against Text Books.
By The Associated Press.
Boston, Oct. 20.—The progressive party state committee today filed a written protest with the municipal schools committee against the adoption of the grammar schools.

Complaint was made that the book was unfair in designating the party as "progressive-republican," and in a statement that it "was organized chiefly by dissatisfied republicans."

The complaint asked that further use of the book in the schools be forbidden. James A. Woodburn of Indiana University and John H. Moran of Purdue were authors of the book.

Gas In The Stomach Is Dangerous

A Warning of Acid Indigestion. Prompt Use of Magnesia Stops All Sourness and Pain.

Sufferers from indigestion or dyspepsia should remember that the presence of gas in the stomach invariably indicates that the stomach is troubled by excessive acidity.

This acid causes the food to ferment and the fermenting food in turn gives rise to noxious gases which distend the stomach, hamper the normal functions of vital internal organs, cause acute headaches, interfere with the action of the bowels, hamper the blood stream with deadly poisons, which in time must ruin the health. Physicians say that to quickly dispel a dangerous accumulation of wind in the stomach and to stop the food fermentation which creates the gas, the acid should be made neutralized and the stomach made so good as a teaspoonful of pure saturated magnesia taken in a little water immediately after meals.

This instantly neutralizes the acid, thus stopping fermentation and the formation of gas, and enables the inflamed distended stomach to proceed with its work under natural conditions. Saturated magnesia is obtainable in powder or tablet form from any druggist, but as there are many different forms of magnesia it is important that the business and the physician prescribe should be distinctly asked for.

After All
It isn't the number of prescriptions they have filled.
Or the scientific equipment of our prescription department.
Or the skill of our prescription staff.

Or any of these things that really occur to you when you are going to have a prescription filled.
You think, "Who cares the most about filling my prescription right?"

If you can find the prescription clerk or department who has the knowledge, equipment, and DESIRE to do it right—that is the one you want.

We believe that we "care the most."

Let us fill your prescriptions.

DRUGGISTS IN SIX SOUTHERN CITIES

WHERE VITALITAS HAS BEEN
DEMONSTRATED GIVE THEIR
PERSONAL VIEWS.

The following are extracts from many letters received from leading druggists in Southern cities regarding Vitalitas: Jackson, Miss.—"In our thirty years we do not think we have ever handled a preparation that has become more popular than Vitalitas. We have an unusual demand for this wonderful remedy and receive testimonials daily from our customers."—Hunter & McGee, Druggists.

Dallas, Texas.—"We never sold a preparation that has given more general satisfaction. We highly recommend it to the public."—Marvin's Drug Store.

Montgomery, Ala.—"In the analysis of our customers Vitalitas has received endorsements almost unanimous. I believe Vitalitas to be of great merit, economical and destined to be beneficial to a great many people."—J. Johnston Moore, Druggist.

Memphis, Tenn.—"We have never handled a preparation which has become so popular and given so much general satisfaction."—Jacobi Pharmacy.

Little Rock, Ark.—"The demand for Vitalitas has gone beyond our expectations. We have had numbers of customers come and tell us of the benefits received from it."—Shoemaker & Bracy, Birmingham, Ala.—"I personally think Vitalitas one of the greatest remedies on the market. No one should feel a hesitancy in trying it."—F. F. Funk, Druggist.

H. & T. C. Engine Is Damaged When a Driving Rod Breaks

Special to The Morning News.
Marlin, Oct. 20.—Engine No. 362, of the H. & T. C., which was hauling the afternoon passenger from Bremond to Waco yesterday evening when a driving rod broke, was dismantled here today and shipped to Ennis for shop repairs. The running board was broken and a hole had been made in the boiler by the broken driving rod. The train was running on time when the rod broke at Big Creek, and it was necessary for a locomotive to be sent from Waco to bring the train and wrecked engine into Marlin last night.

Old Deed Recorded.
Special to The Morning News.
Marlin, Oct. 20.—A deed was recorded in the Falls county clerk's office Tuesday, dated in 1872, made in the presence of witnesses without a notary's acknowledgment. In order to have it recorded, it was acknowledged. It was a deed made by H. G. Slater to Alla Slater, for ten acres adjoining Marlin.

Marlin U. D. C. Elects.
Special to The Morning News.
Marlin, Oct. 20.—At a meeting of the Daughters of the Confederacy yesterday, the following officers were elected to serve the coming year: H. G. Round, president; Mrs. E. A. Hutchings, first vice president; Mrs. Dr. Allen, second vice president; Mrs. J. L. Lanthorn, third vice president; Mrs. W. R. K. recording secretary; Mrs. J. V. Stuart, corresponding secretary; Miss Mae Hutchings, treasurer; Mrs. Oltorf, registrar; Mrs. P. S. Summers, historian; Mrs. Jolly, custodian, and Mrs. O. E. Curry, reporter.

Wacoans at Marlin.
Special to The Morning News.
Marlin, Oct. 20.—The following Wacoans are registered at the Marlin hotels: T. E. Jarman, J. L. Stewart, Will Carroll, R. L. Matthews, C. C. Irvine and H. G. Brewer.

Quarantine on Border.
By The Associated Press.
Fort Worth, Oct. 20.—Dr. W. B. Collins, state health officer here today said that he had established a quarantine along the Texas border to keep infectious diseases out of the state. From this source, more than 100,000 Mexicans are liable to suffer. This is especially true because of the large number of Mexicans crossing the Rio Grande now following the defeats to Villa and the triumph of Carranza.

Democrats to Meet Tomorrow.
By The Associated Press.
Fort Worth, Oct. 20.—A call for a special session of the Texas democratic executive committee to meet in Dallas October 22, was issued here yesterday by Col. Paul Waples, chairman. Vacancies will be filled and the candidacy of Dallas for the national convention will be discussed. It is the intention of the committee to assist Dallas in every way possible in bringing this meeting to Texas.

Jail Delivery at Galveston.
By The Associated Press.
Galveston, Tex., Oct. 20.—The third jail delivery from the state penitentiary at Dallas within eleven months occurred early this morning. A. J. Franklin, a negro who was last week sentenced to a term of twenty-five years in the penitentiary, was the only one to make his escape today. Twenty prisoners escaped in the preceding jail deliveries and only nine have been recaptured.

Moonshine Sentences Today.
By The Associated Press.
Fort Smith, Ark., Oct. 20.—Sentence will be pronounced tomorrow on the seven defendants in the moonshine conspiracy case, who unexpectedly pleaded guilty in the United States court here today. Twenty other defendants alleged to be connected with the conspiracy, which it is claimed the government lost large sums in revenue, will be placed on trial in January, it was announced today.

Urge National Prohibition.
By The Associated Press.
Topeka, Kan., Oct. 20.—The board of managers of the Temperance society of the Methodist Episcopal church, in their annual meeting held here today adopted resolutions urging congress to submit to the several states a constitutional amendment providing for national prohibition.

Coroner's Verdict in Cohen Murder.
By The Associated Press.
Charleston, S. C., Oct. 20.—After deliberating for five hours tonight the coroner's jury which investigated the death of Sidney Cohen, a newspaper reporter, who was killed at the headquarters of the city democratic executive committee in his last Friday evening, was unable to fix responsibility for his death and returned a verdict that he was killed by "a party or parties unknown to the jury."

BIG FORCES OPPOSE RUSSIANS AND RIGA MAY BE EVACUATED

CONTINUED FROM PAGE ONE.

ish and French statements, attempted offensive movements near Hulluch and Rheims yesterday, but again suffered severe reverses. On the other hand, the Germans claims success near Prunay, in the Champagne district.

Mining operations have occupied the attention of the Anglo-French troops and the Turks in Gallipoli, while from Macedonia it is unofficially reported that the British are within a few miles of Bagdad.

Considerable importance is attached to the arrival at Odessa of a military mission en route from Rumania to Paris. Its object is not known, but it is thought that such a mission would be undertaken unless Rumania contemplated action on the side of the allies.

The Germans are now employing their Zeppelins against the British and Russian navies in the Baltic, where German ships have been suffering heavily during the last fortnight.

**Southwest Texas
Asks for Protection
Against Outrages**

By The Associated Press.
San Antonio, Tex., Oct. 20.—Congressman John N. Garner, as special representative of the citizens and interests in Southwest Texas left tonight for Washington to appeal to the government for protection against Mexican outrages in the Rio Grande country. He has a plan which he will submit to President Wilson and Secretary Lansing which he believes will prove effective in putting an end to depredations by Mexicans on the Texas side of the Rio Grande. He will as discuss his plan in advance of submitting it to the government in Washington.

"I am getting mighty tired of the way in which American lives are being lost in the Brownsville country," said Mr. Garner. "The citizens in the Rio Grande valley are getting tired of this business too and they are more aroused than ever."

"I am going to see President Wilson personally and lay the facts before him. I shall also see Secretary of State Lansing, and all other officials who have any influence in Washington matters. All the pressure I am able to bring to bear will be brought in an effort to stop this bandit business. I am going to put it up to President Wilson and lay before him the facts as they are."

"Something must be done and if it is not done by the proper authorities at Washington the people themselves will take action. The latest of these bandits—the ditching of a Brownsville train—is an outrage and is almost regarded as the last straw."

"The authorities on the other side must be made to take more decisive action. Apparently they are winking at conditions and allowing them to continue. Anyway they are not doing anything. The people must be protected and now that General Carranza's government has been recognized by the Washington and Latin-American governments, I am confident if renewed pressure is brought to bear quick action will follow."

At present I am informed, murderers, bandits and assassins wanted in this country for crimes are hiding on the other side of the border and know it and will take steps towards causing their arrest."

Papers Carry American Colors.
By The Associated Press.
Mexico City, Oct. 20.—Formal recognition by the United States of the de facto Carranza government resulted in all the morning newspapers of Mexico City being printed in American colors and containing extremely laudatory articles on President Wilson and the American nation.

On all sides and in all circles cheers and praise for the American executive and for the people were heard. Enthusiasm over the recognition of the Carranza government is growing and the feeling of pessimism long prevalent is everywhere being supplanted by one of hope for the future.

Ex-Ranger Offers Services.
By The Associated Press.
Houston, Oct. 20.—An offer to the governor to organize a ranger company and serve on the border without compensation until banditry has been stamped out, was made in an open telegram from Shreveport, La., today by Winfred F. Bates, former ranger officer. Mr. Bates was in the service until four months ago. He is

Martial Hardships.
Richard Harding Davis was describing at a tea at Sherry's the hardships of the Pattsburg camp. "There was one Philadelphia," he said, "who found it very hard to sleep eight in a tent. His companions snored you know, annoyed him."

"They say that every night about 12 o'clock this poor fellow, unable to endure his torture any longer, would go round the tent and pinch and prod his sleeping friends, and say: 'Here, wake up! wake up! We're all going to go to sleep together.'"

Mixing Things Up.
Frederick R. Coudert, the well known New York lawyer, was talking about Germany's submarine warfare. "Germany's submarine warfare is a magnanimous and generous after the horrors she has perpetrated," he said, "seems to be mixing things up incongruously. It savors of the card catalogue."

"A card catalogue in a library, you know, had all sorts of incongruities on it—like, for instance: 'Bacon How to Fry'—On Inductive Reasoning. 'Lead Poisoning'—Kindly Light."—Exchange.

Tricks of Trades.
General Leonard Wood said at a luncheon at Plattsmouth, Neb., that "The German officer is very highly trained. He has an abundance of technical knowledge. He knows a lot of tricks."

"He's as full of tricks as the farmer who said: 'Never auction off a field of grain except in windy weather.'"

"And why not, pray?" asked a city chap. "Gee, you're green, young fellow," said the farmer. "Don't you know that when grain's waving in the wind it looks ever so much thicker? Because, you know, you see the same head three or four times over."—Ex.

The Swiss at Soup.
"Switzerland," said E. Berry Wall, the New York clubman, "is the only European country where a cheerful vacation is now possible."

"The Swiss are a very fine people, a very fine people indeed, except in their restaurants. The Swiss, you know, yodel their soup."—Ex.

Perpetual Youth.
The pictures of mermaids are pleasing. A lot of fair sea nymphs you've seen. They always look handsome and teasing. And not over sweet seventeen.

now assistant paymaster of the Standard Oil company and is known throughout the Brownsville country. He promises to work in harmony with the federal authorities.

Widows Get Pensions.
By The Associated Press.
Oklahoma City, Okla., Oct. 20.—Twenty-nine widows were granted monthly pensions here Wednesday by the county court. The lowest pension granted was four dollars and was given to a widow who had some means of support. The largest pensions amounted to \$15 and were given to two widows, one of whom has seven small children and the other nine children. Eight thousand dollars was recently appropriated by the county commissioners for the relief of destitute widows having families. More than forty applications were heard.

Martial Hardships.

WEDDING CARDS COME

FOR HOUSTON BRIDE

Friends and relatives in this city have received invitations to the marriage of Miss Norma Dell C. Norton and George Marvin Adcock. This will be October 27 in the bride's home, in Houston. The at home announcement is Port Neches after the tenth of November.

MISS NORMA BONNER

FOR BRIDGE JUNIORS

With the Misses Beuna Clinton, Elizabeth Bolinger and Mazie Turner added to the game also the Misses Gertrude Wilson and Elizabeth Culver calling as the luncheon plate passed, Miss Norma Bonner was hostess for the Bridge Juniors. Miss Mayde Caulfield made leading score; also, Miss Caulfield invited the club for the next game.

STUDY SUFFRAGE CLUB

WILL SOON HOLD MEETING

Preliminary to the first of the incoming year's sessions for the Study Suffrage club, the calendar today gives notice of the club's next meeting. Mrs. Edward Rotan's resignation as president, and other details needing attention as the result of summer adjournment, are to be made ready for a general meeting of the club at an early date.

SANS SOUCIS RESUME

PLEASANT SESSIONS

With Mrs. R. B. Killough, assisted by the daughters in the home, Mrs. R. M. Killough and Miss Minnie Killough, the Sans Souci members enjoyed their first reunion from summer absence. Several were present by special invitation, these being the Mesdames C. T. Caldwell, M. E. Yinger, E. A. Temple from Amarillo, Fitzpatrick from Mississippi. Mrs. Edward Rotan is hostess two weeks hence.

MRS. WALTER REESE AT HOME

FOR MRS. MACPHERSON

First among the welcomes here to girlish home to Mrs. Walter Macpherson was the at home with her sister, Mrs. Walter Reese during Wednesday. In this Mrs. Reese was hostess in an altogether informal way to members of the family connection and former friends of Mrs. Macpherson, now of Denver. Cordial greeting and a pleasant hour was the order of enjoyment.

WEST END TUESDAY CIRCLE

WITH MRS. N. M. GAY

Another pleasant hour came for the members of the West End Tuesday Circle. Mrs. N. M. Gay was the hostess, who assisted by Miss Laurie Gay, had in waiting a plate of refreshments to come as the fancy work was laid aside.

While the youngest among the social clubs, as the first to respond as a club to the request from the textile committee for an exhibit in the Cotton Palace. No guests were present with Mrs. Gay, nor were any new members admitted.

MRS. W. L. GEER HOSTESS

FOR HER BRIDGE CLUB

The Young Married Ladies' Bridge, the largest in local social life, played with its full quota of five tables on Tuesday. The hostess was Mrs. W. L. Geer, who invited to play hands of absent members the Mesdames W. E. Gaylord, W. A. McGregor, Erwin Clark, R. V. Dover, Charles Gooch, Hopkins of Gainesville, and Ludwell Williams. Prizes were presented to Mrs. W. S. Witte and Mrs. Clinton Padgett. In offering her lunch, Mrs. Geer used the attractive bamboo trays, one for each of her bridge tables. Pluckings from the home garden made the floral of the card rooms.

PRESS CLUB FOLLOWS

FULL PEACE PROGRAM

In following more minute study of subjects promoted by State Federation, the Press club on Tuesday reached the afternoon for discussion of the peace movement. Original poems embodying peace principles were read by Mrs. Edith Lessing and Mrs. R. H. Hill. Mrs. Gaylord Behout gave the strong paper of the afternoon, her subject being a review of the peace movement. The musical numbers were given by Mrs. Guy Witte as guest of the club and by Mrs. J. W. Carroll, also by the young daughter of the hostess, Miss Frances Compton. Mrs. R. H. Hill conducted a very interesting round table. The attendance was quite satisfactory.

WOMEN ARE REQUESTED

TO GIVE GUESTS' NAMES

In advance of Cotton Palace season when almost every home will have guests, the Morning News requests that each hostess in prospect take the precaution to furnish names of guests as soon as these are definite. The reason for this is primarily for pleasure of these guests. If a name is given, old friendship may be renewed, inquiries made, and other pleasure result, which the hostess might not have known concerning her visitor. Also, the general excitement is enhanced; distant readers of the News come to feel that all Texas is in Waco, and they, too, want to be there. This reporting of guests means more than the actual seeing of one's name in print. Hostesses will please take note.

LINEN SHOWER COMES

FOR MISS EUNICE AKIN

Following the announcement that she is a late season bride, Miss Eunice Akin, which honored with a pretty linen shower on Tuesday. The Mesdames John Dollins and Lee R. Davis, in the home of the former, were hostesses. Thirty friends of hostesses and honoree made the guest list. Pink and white roses, with the deeper tone of love in the red for refreshment room gave the floral touch to the three company rooms. A game of hearts was first pleasure, adjournment from the tables being made to the punch

room. Here, quite ingeniously, the real little express train, whistle and all, arrived on the table to encircle the mound of packages which made the shower feature, pretty pieces of linen for the bride's chest. Mrs. Charles Eichelberger announced the arrival of the express. Punch with sandwiches made the refreshment feature in this compliment to Miss Akin.

REVIEW CLUB MEETS

WITH MRS. ALEXANDER

With Mrs. R. J. Alexander, members of the Review Club welcomed as guests, the Mesdames J. M. Hale, Ivan Bass and D. A. Kelly. On these, Mrs. Hale, by request, read her excellent paper on Child Labor, prepared for the Press Club. The program for the afternoon was along the line of Social Service, responding to the state chairman for such attention. Prison reform, care of feeble-minded and other topics were discussed, and the information and satisfaction of those present. Music was given by the Misses Carline Alexander and Lurlee Peoples, with a reading from Minister Jack McWilliams. Miss Mary Littlefield was elected secretary owing to the resignation of Mrs. William Apple. Mrs. Hale, by request, alternate, and Mrs. P. L. Christman, alternate, were selected to represent the club at Brownwood. The club voted to depart from the accustomed Tuesday and hereafter meet on alternate Wednesdays. Mrs. Alexander brought the afternoon to a social close over a refreshment plate.

Society Notes

Mrs. John Wright, Mrs. F. J. Lennox and Miss Lennox will give a late week party for the Dallas fair.

Eden Phillips and Zona Gale have both promised us new books for this week. Phillips will present his work under the title, "Cold Weather," and Miss Gale under "Heart's Kindred."

Bear in mind the new ruling for Cotton Palace entries this year. This is, every article must be in place ready for the judges Wednesday before opening of the Palace.

It is nearing time for the homecoming of Miss Clara Primm, who has lingered from summer into autumn with her sister in Michigan. Miss Primm will begin her journey home with next Tuesday.

Current interest now is, who is going to the Dallas fair? And, once over, the bit of interest is, who from home will we meet by special invitation, to be out on the grounds?

In no previous season have the Waco women taken so generally to athletic sport. Out on the tennis court and the golf links, players may be found every morning.

Miss Bertha Alexander, Thirteenth and Barron, goes down to Hempstead for the marriage of Miss Bessie Galewsky to Paul Mayer of Houston. The date comes late in November.

Have you decided to watch the horse before you engage transfer for self or baggage? If you have, you are assisting in humanity to beast.

If the parade over Cotton Palace correct comes with the kennel show and you want the correct coat, make it of striped awning, and give your hat crown the same stripe. By so doing you will be following the society women of Newport in their dog shows last summer.

Who is the bachelor, did you say, who was asked ten times to be knight for princess and duchess for the Cotton Palace queen's court?

Is the 1915 maid of honor at wedding doing her duty? If she is, she has not had that intimation.

Mrs. Roger Hilsman who is visiting here from Austin, leaves late in this week for Houston. She returns for Cotton Palace entry.

Mrs. William Mistrout as chairman of the Woman's Exchange for the Cotton Palace, reports entries more than she can accommodate. Women in general should bear this in mind, for some beautiful and at times timely articles will be there for sale.

The direct descendant of Sam Houston has been found. He is Frank Peyton, Eighteenth and Sanger avenue.

Who are the society girls selected by Miss Rose Edmond as models of what cotton gown can do? These will be in the cotton modeling department.

Let's see, there are 8,000 women in this city. Suppose each entertained two guests within her home during the Cotton Palace, there are sixteen thousand admissions into the Cotton Palace. Multiply this a time or two, both for guest and admission, then

Fashion's Requirements
Gives that pearly white complexion so much desired by the Women of Fashion.

Gouraud's Oriental Cream
We will send a complexion cream and book of Powder leaves for 15c. to cover cost of mailing and wrapping.
At Druggists and Department Stores.

Waco is Coming Into Her Own MUSICALLY

Renowned artists are being brought each year. During this season the European Club will present:

MABEL RIEGELMAN, Prima Donna Soprano
OTTO FISCHER, Pianist
HARRY EVANS, Basso-Cantate

New York Philharmonic Symphony Orchestra

Season tickets for the entire course on sale this week—
ONLY \$5.00.

Federal Regulations of River Pollution

To the Waco Morning News:

I said to several parties before the bond election that the failure of Waco to build the sewage disposal plant might be dangerous and materially affect the United States government in the navigation of the Brazos river, but I assumed that the promoters of that enterprise would take care of that proposition. In my interview with you last night I overlooked that very important matter and since the question has been raised I quote as follows for the information of the public and they can put their own construction upon it:

"Upon the act of congress of 1894 relating to the improvement of rivers and harbors of the United States."

"Section 6. That it shall be unlawful to place discharge or deposit by any process or in any manner, ballast, refuse, dirt, ashes, cinders, mud, sand, dredging, sludge, acids or any other matter of any kind other than that flowing from streets or sewers and passing therefrom in a liquid state in the waters of any harbor or river of the United States for the improvement of which money has been appropriated by congress elsewhere than within the limits defined as permitted by the secretary of war."

I take it that the flow from streams and sewers, as above permitted, means storm water and does not permit sanitary sewage.

J. W. RIGGINS.

FOOD SOURING IN STOMACH CAUSES INDIGESTION, GAS

PAPE'S DIAPEPSIN ENDS ALL STOMACH DISTRESS IN FIVE MINUTES.

Wonder what upset your stomach— which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapepsin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin, which costs only 50c for a large case at drug stores. It's truly wonderful—full of digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.

Only Season Ticket Holders

Will be allowed to check seats Friday, October 22nd, for the concert to be given by MABEL RIEGELMAN, Prima Donna Soprano, of the Chicago Opera Company, at Carroll Chapel, October 26th.

Check seats at Powers-Kelly Drug Store.
Box Office Opens Nine a. m.

To Take Moving Picture of Cotton Palace Baby Show

There seems to be no end to the number of babies that will be entered in the better babies contest at the Cotton Palace this year. It was at first thought that the members of the McLennan County Medical society would be able to do the necessary examining. It has been found that physicians from other counties will have to be called upon to help in the work of examining the babies. More than 500 babies have already been entered for the show, and the indications are that considerably more than 1,000 will be entered before the contest opens. Doctors from five adjoining counties have been invited to be present. A large number of them have promptly sent in acceptances. This action will be a boon to the mothers and babies, as it will prevent any unnecessary waiting to have the babies examined.

It should be remembered that all children under 5 years of age are eligible to entry in the contest. Entry blanks for the better babies contest can be secured at the glove counter at Sanger Bros., at the art department at Goldstein-Migel's and at A. C. Patton's store. All that is necessary to have your baby properly entered for the big contest is to sign your name and address to the blank, place a stamp on it and drop it in the mail box. Miss Bertha Wright, who is the superintendent of the contest, will mail you an appointment card about a week before the opening of the contest notifying you of the day and the hour to take your baby to the coliseum at the Cotton Palace to be examined by the doctor. It would be advisable to get the entry blank at once, as the time is getting short. Those in charge of the contest make the positive announcement that no entry blank will be received after Oct. 29.

The physicians will commence the examination of the babies on Nov. 8, and will continue the examinations until Nov. 12. The announcement of the prize winners will be made on Monday, Nov. 15, in the coliseum. At this time it is desired to have all babies that were entered in the show present with their mothers. Something like cake place in addition to the presentation of the prizes that will be of peculiar interest. Arrangements have been made to have a moving picture of the baby show when all of the little chaps and misses and their mothers are present. It will later be shown in all of the leading moving picture shows throughout the country.

Miss Wright left yesterday for the Dallas fair to witness the baby show at that place. She is anxious to know just how much better the baby show at the Cotton Palace will be.

To People Who Are Under Normal Weight

Good Advice For Thin, Undeveloped Men and Women Who Want to Put on Flesh.

Thousands of people suffer from excessive thinness, weak nerves and poor stomachs, who, having tried advertised flesh-makers, food-fads, physical culture stunts and run-on creams, realize that nothing will make them fat. Yet this case is a fact. A recently uncovered combination of assimilable agents has made fat grow after years of thinness, and it is also unequalled; forcing from reports of reviving the weak or sickness or faulty digestion and strengthening the nerves. This remarkable preparation is called Sargol. Six strength-giving, fat-producing assimilable elements of acknowledged merit have been combined in this preparation, which is endorsed and used by prominent people everywhere. It is absolutely harmless, inexpensive and efficient. A few weeks systematic use of Sargol should go far to produce flesh and strength by correcting faults of digestion and by supplying nourishing fats to the blood. If not, every druggist who sells it is authorized to return the purchase price. Increased nourishment is obtained from the food eaten, and the additional strength-giving, fat-producing assimilable elements of acknowledged merit have been combined in this preparation, which is endorsed and used by prominent people everywhere. It is absolutely harmless, inexpensive and efficient. A few weeks systematic use of Sargol should go far to produce flesh and strength by correcting faults of digestion and by supplying nourishing fats to the blood. Notice to Subscribers.
Delivery routes to the City of Waco are in the hands of independent carriers, who buy their papers at wholesale prices. Subscriptions are due them, not the Waco Morning News. They are under heavy bond, not only to give the best delivery service, but to pay for their papers each month. Their remuneration is the difference between the wholesale price and the retail price which they receive from subscribers. This margin of profit is such that they cannot afford to extend credit, except month by month. They are not required, and they are advised against, delivering newspapers to anyone who does not pay in accordance with the above subscription terms. These carriers are all earnest, hard working men and they will appreciate any courtesies shown them.

The Morning News should be delivered throughout the city of Waco by 6:30 a. m., and subscribers failing to receive the paper at that time will confer a favor by phoning the Circulation Department, both phones 1132, and a copy will be sent by special messenger.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Morning News will be gladly corrected upon its being brought to the attention of the management.

DEFEAT OF THE BOND ISSUE.

While the editor of the Morning News supported the bond issue proposed in Tuesday's election, the defeat of the project came as no surprise to him nor to anyone else who was conversant with conditions in the city brought about by the belief on the part of many people that the plans for a sewage disposal plant were inadequate and that a proper survey of the needs of the city in this connection had not been made.

Nor do we entertain any fear that the city will be materially injured in the estimation of people elsewhere from the fact that the bonds for such a purpose were defeated, for we are convinced that the persons who opposed the bond issue Tuesday opposed it on the ground that the sum of money asked was not sufficient to properly carry out the project proposed. When a complete survey of the city has been made and a more careful estimate furnished of the cost of the plant, we believe nine-tenths of the persons who voted against the bonds Tuesday will be found in favor of granting whatever sum of money is necessary to build a sewage disposal plant, and will aid in the success of an election to that end.

This attitude is certainly true of the members of the Rotary club and it was this organization that took the initiative in the inquiry as to whether the plans as originally proposed were adequate. The Rotarians are willing to aid in whatever way they can in having a complete sanitary survey of the city made and securing additional expert advice in the formulation of the plans for an adequate sewage disposal plant in case such assistance should be wanted by the city authorities in the future.

We regret the lack of a proper understanding between the city administration and other interested citizens in the movement leading up to the bond election. We credit the mayor with having done his full duty in trying to meet the situation adequately with the least possible outlay of public funds. He made extensive investigations and presented what he believed to be adequate plans for meeting the needs of the city at a cost unheard of, perhaps, in similar undertakings for cities of this size. Many people lacked confidence only in the efficiency of the plans he presented and not in his motives in doing so. But this situation can be overcome under a subsequent administration, if not under the present one, and a good start toward meeting the demands of the state law can yet be made within the time limit fixed by the last legislature.

A St. Louis mortgage concern says that it is preparing to invest \$10,000,000 in Texas.

Governor Williams of Oklahoma proves his good taste by coming to Texas to spend his vacation.

With football and horse races and an entire building given over to agriculture, this year's Cotton Palace will appeal more forcibly than it has ever before, and these are only a few of the additional attractions. Remember the dates, November 6-21.

Mrs. Edward Rains brings encouraging news from Gainesville concerning plans for the new Girls' Industrial Training School. This state waited a long time before coming to the rescue of its delinquent girls and we hope the institution that is now being pushed to completion will be able to meet all the demands made upon it.

CARRANZA'S OPPORTUNITY.

That the action of the Pan-American governments, under the lead of the United States, in recognizing Carranza as the "chief executive of the de facto government" was justified appears in the rapidity with which peace and order are being restored in Mexico. For several months it has been recognized that Carranza, though objectionable in many ways and far from being the ideal man for the place, was the strongest character available to head the de facto government, and his knowledge of that fact induced him to withstand all efforts of the Pan-American conferees to bring about a conference of all the Mexican factions for the purpose of agreeing upon a provisional president.

We find ourselves in hearty accord with the spirit of the protest which the Catholic societies of this country made to President Wilson against the recognition of Carranza, for the outrages committed against the Catholic clergy and church in Mexico by Carranza followers were so unspeakable as to incur the fullest indignation of all right-thinking people. But Carranza promised religious as well as political liberty in case of his recognition and as the United States and other countries which are tendering him their moral support are depending upon him to make good his promises, we are confident the pressure that will be brought to bear upon him in this connection will be sufficient to guarantee to all people the right to worship God according to the dictates of their own conscience.

The Financial World, a very conservative publication, expresses the situation as it is affected by Carranza's recognition very accurately as follows:

"After delving far into the merits of the claims of the respective factions in Mexico in order to determine which one of them the convention of American republics should support, the choice has fallen upon General Carranza as the man best fitted to undertake the by no means easy job of establishing a stable government."

"Here at least is a step in the direction of progress. The action taken by all the other republics on the Western Hemisphere in their desire to terminate the state of anarchy in the domain of one of their richest neighbors means more than simply moral support. The inference is that in addition financial assistance without which a government cannot be successfully conducted, will be extended also."

"We shall hear from time to time about intermittent outbreaks, just as a fever which, though having run its course, still burns fitfully here and there in some part of the anatomy. But the disease has been cured. When the Mexican people realize there is again a government in their country worthy to be called such and which will be recognized by the chancelleries of every one of the other nations, they will stand behind it also."

"Mexico is on the threshold of another and more peaceful day. She can already see the dawn of this new era in the recognition of Carranza. He may not have been the best man the republic has produced, but he is the best man available, in the opinion of the American countries that have just acted. Mexico will now soon be able to turn her energies toward repairing the damage done her industries and make good upon her defaulted obligations her world creditors hold."

In furtherance of this task she can depend upon liberal assistance from powerful financial bankers who have more than a billion dollars of their own and their following invested in her domain."

We hope one effect of the European war upon Turkey will be that her people will be induced to use soap as well as manufacture it.

Our neighbor, Mexico, has made a decided step forward in securing a large glass plant that will employ 150 skilled men and have a weekly pay roll of \$5,000.

The prize hog at the Brownwood fair was only 11 months old and weighed 570 pounds. We venture he was raised by a member of the Boys' Pig club.

Houston has enacted an ordinance against the barking of dogs. Why not one against the meowing of cats, the crying of babies and the quarreling of husbands and wives?

The killing of ten Mexicans alleged to have had a part in the train hold-up near Brownsville will doubtless put a quietus to that character of border disturbance for a season.

Texas Christian University is to receive a \$10,000 athletic field through the benefactions of two sisters of the late "Si" Perkins, star member of the football team six years ago.

Woman suffrage suffered a very decisive defeat in New Jersey Tuesday, but so has fared nearly every other reform the first time it was submitted to a vote of the people.

SQUARE DEAL FOR EAST WACO

Resident of That Section Doesn't Think It Has Had Share of Municipal Comforts.

To the Waco Morning News:
The measure of the man is conduct. So is the measure of a city.

Waco is a great railway and traction center. Everything looks good for river navigation. Waco is in the artesian belt and has a number of wells now flowing into the city mains. The city is surrounded with the best black land in all the world. Baylor university, the greatest school on earth, to many of us, is located in Waco, and enrolled more than 1,500 students last year. Waco has natural gas, which is proving to be the cheapest fuel in the land. From the city limits out in nearly every direction for miles in the country there are and are being built public roads which are by far better than any street in East Waco. Waco has more churches with better church buildings than any city we know of with a population that does not exceed the population of Waco. We all love and boost Waco because of what it is.

The Brazos river meanders through the city of Waco, making a kind of dividing line between what is called East Waco and Waco proper or what East Wacoans call "West Waco." West Waco has most of the wealth and most of the public buildings and says to East Waco, "Go," and the must "go," "Come," and she must "come."

What East Waco Has.
East Waco has acres of vacant lots surrounded by residences, on which the weeds have not been cut for a year. The weeds growing above a horse's back proves the fertility of our soil. There are a number of streets in the same condition except ten to fifteen feet in the center where public travel has kept them down. So far as we know a bacteriologist has not been sent to examine these weeds and mud holes to see how many colon bacilli they contain.

A few of the wells of this section have been examined and condemned and a penalty fixed by the city on the property owner if he does not dispose of his well. We live with a city block of the condemned wells the use of water from which has been discontinued by the parties living there for a year and they have not been examined or condemned by the city. Oh, well, we have so many things over here that we can't tell about. We have not any sewerage or city water. We suppose the city would not object to us going to the city hall for our water. We live in the land of the noble, the brave and the free. We all believe in pure water and a clean city, and in rendering to Caesar the things that are Caesar's and to God the things that are God's.

Respectfully,
M. HENRY SEAL.

Safety First Meeting Aims at Auto Drivers

By The Associated Press.
Detroit, Oct. 20.—Conservation of life, limb, health and property in the United States and Canada was the keynote of the closing meeting of the Safety First Federation of America here this afternoon.

A uniform code to regulate traffic throughout the country was adopted. Most of the resolutions embodied in the code were directed at the drivers of automobiles and at the machines themselves.

One of the principal resolutions adopted by the federation urges every state and Canada to pass a law requiring the licensing of automobile drivers, owners as well as chauffeurs. This resolution was submitted by Harold W. Newman, commissioner of public safety of New Orleans.

A resolution was favorably received urging the adoption of laws to deprive a driver convicted of operating a machine while intoxicated, of his license for six months. Permanent disqualification for a second offense is recommended. Safety zones and cross walks designated by white lines, for other wise, prohibition of glaring headlights and a uniform speed limit of ten miles an hour in the congested or business districts of cities also was recommended.

Big Day at Fair.
Attendance at Dallas Again Highly Special to the Morning News.

Dallas, Oct. 20.—Wednesday was another banner day for the 1915 Texas State Fair from a point of attendance. It was Dairyman's Day and Fashion Day. Tonight the State Fair Style Show was begun and this display of fine gowns is said to be the finest ever exhibited in the state.

There were no great features today. Art Smith's wonderful flying was another thriller for the great throng of visitors. Dallasites who could not visit the fair Tuesday, Dallas Day, attended by the thousands and thousands of visitors were also in the city.

Young Mothers May Rely on Cuticura Soap For Baby's Skin

Especially when assisted by occasional use of Cuticura Ointment. Care and Cuticura preserve and purify the skin of infants, and often prevent minor skin troubles becoming lifelong afflictions.

Samples Free by Mail.
Cuticura Soap and Ointment sold everywhere. Liberal sample of each mailed free with 10-cent order. Address: Post-card "Cuticura," Dept. 30, Boston.

Court of Criminal Appeals Affirms Number of Cases

By The Associated Press.
Austin, Tex., Oct. 20.—The court of criminal appeals today affirmed the death penalty case of Floyd Thompson from Freestone county, appellant having been convicted of the murder of J. I. Casey over a debt of \$55, claimed to be due on a horse deal.

The court also affirmed the case of Romaldo Nunez from Atascosa county, appellant having been given twenty-five years for murder; affirmation was also had in the case of W. M. Rhea of Van Zandt county, who was sentenced to twenty-five years in the penitentiary on conviction of poisoning his wife, the defense's theory of suicide of the woman was not sustained; also affirmed the case of Will P. May from Callahan county, who was given two years on conviction of seduction.

The court also affirmed the case of John Williams from Kaufman, appellant having been convicted of assault to murder and given five years and the sentence of twenty-five years imposed on J. W. Dixon from Atascosa county on conviction of criminal assault was also affirmed.

Uphold Loan Brokers' Law.

By The Associated Press.
Austin, Oct. 20.—Constitutionality of the "loan brokers" law of the thirty-fourth legislature was upheld today by the court of criminal appeals in the case of ex-parte James Hutsell from Bexar county, and the relator was remanded. This is the law which requires loan brokers to give a \$5,000 bond to the state for the protection of the act was assailed in this case, special attention was devoted to that section requiring the bond. Hutsell had voluntarily violated the provisions of this act in order that its constitutionality might be determined by the higher court. As to section two which requires the bond the court held that the legislature had the "right to provide that such bond should be given."

The court expressed some doubt as to the validity of section 3, which provides that judgments may be collected out of the bond given, but declares that "if section 3 should be held invalid, because of doubt as to the meaning of the words employed, the object and purpose of the law is made plain by the other provisions of the act."

Resolution of Death of Walton.

By The Associated Press.
Austin, Oct. 20.—In the court of criminal appeals today, resolutions adopted by the Travis county bar association were submitted on the death of Major Wm. M. Walton, by Judge W. F. Ramsey of Austin. Judge W. F. Ramsey of the court responded on behalf of the court.

Club Case November 3.

By The Associated Press.
Austin, Oct. 20.—The Austin Country club case involving the rights of the social clubs to dispense liquor without first securing a license has been set by the supreme court for submission on November 3. The lower courts held that the clubs might dispense liquor on Sundays after hours but not on election days. The third court of civil appeals, however, held that the clubs must have state liquor licenses and that it was impracticable for clubs to have license because they must be issued to individuals.

Father's Day Named.

By The Associated Press.
Austin, Oct. 20.—Governor Ferguson today issued a proclamation setting aside October 24 as "Father's Day." The proclamation is upon the people of our state to observe this day in whatsoever manner as may appeal to their sense of propriety.

HIGHER COURTS.

Special to the Morning News.

Austin, Tex., Oct. 20.—The following proceedings were had in the court of criminal appeals today:
Affirmed—Romaldo Munoz, from Atascosa; J. W. Dixon, from Freestone; R. Freeman, from Bell; Will F. May, from Callahan; W. O. Taylor, from Coryell; C. E. Willis, from El Paso; Callie Fletcher, from Fanning; Floyd Thompson, from Freestone (death); Dick Vinson, from Grayson; J. H. Robison, from Hamilton; Tom Babley, from Harrison; Sing Davis, from Henderson; John Williams, from Kaufman; Hugh Luttrell, from Lamar; Sheb Strange, from McLennan; Frank Engman, from Potter; Mrs. Pete Arnold, from Tarrant; A. Dickie, from Throckmorton; F. M. Rhea, from Van Zandt.

Reversed and remanded—Luis Reyna, et al, from Cameron; Lee Miles, from Ellis; Albert Chapman, from Lamar; Frank Hughitt, from Mills.

Reversed and remanded for trial de novo in county court—L. E. Gelson, from Henderson.

Appeal dismissed—Jim Dodd, from Hunt.

Relator remanded—Ex-parte James Hutsell, from Bexar.

Court of Civil Appeals.

The following proceedings were had today in the court of civil appeals, third district:

Affirmed—W. S. Wade vs. Cora Wade, from Hill; Taylor Feed Pen company et al vs. Taylor National bank, from Williamson, on motion for rehearing granted.

Reversed and remanded for appellant—A. D. Ribble vs. J. B. Roberts, from Brown.

Case advanced and set for November 3—W. P. Driskell vs. J. H. Boyd, from McLennan.

Rehearing refused—W. S. Walker vs. W. J. Flannery, from Hamilton; Ike Hunt vs. Dunken Realty Co., from McLennan.

State Supreme Court.

The following proceedings were had in the supreme court today:

Application granted (answer filed) and judgments affirmed—Paris and Great Northern Ry. Co. vs. Charles Flanders, Lamar county.

Application granted (answer filed) and judgments reversed and remanded—John Stephenson vs. R. W. Luttrell, Galveston.

Application granted—M. K. & T. Ry. Co. of Texas vs. S. A. Churchill, Galveston; J. E. Brown, administrator, vs. S. S. Fleming, sheriff, McLennan.

Applications refused—H. C. Marks vs. E. Sambrano et al, El Paso; The Murray Co. vs. C. T. Putman et al, Navarro; H. & T. C. Co. vs. C. H. Smallwood, Grayson; W. B. Slaughter vs. A. G. Boyce et al, Dallas; George E. Barstow et al vs. Ward County Irrigation District No. 1, Waco.

Application dismissed for want of jurisdiction—Globe Loan Co. et al vs. Irene Betnacourt, Bexar.

Motion to advance granted and cause set for November 3—The Country Club vs. the State of Texas, Travis.

Motion to advance granted—John F. Holt vs. the State of Texas, et al, Matagorda.

Motion to advance granted and cause

The many uses of

GOLD DUST

The Active Cleaner

Use Gold Dust with the fullest confidence for—

Washing dishes.

Scrubbing floors, linoleum, and cleaning windows, painted walls, etc.

Cleaning pots, pans and skillets, all kitchen utensils of tin, aluminum or enamel ware, the kitchen stove, sink, etc.

Cleaning bathtubs, wash basins, tiling, bathroom faucets and fixtures of nickel or brass, etc.

Washing glassware, windows and mirrors, etc.

Cleaning and sweetening refrigerators.

Gold Dust does not mar nor scratch even the finest polished surface.

For cleaning floors or other woodwork, dissolve a tablespoonful of Gold Dust in a pail of hot water.

Follow the simple directions on the package.

Gold Dust is inexpensive and indispensable

HORLICK'S

The Original
MALTED MILK
Unless you say "HORLICK'S"
you may get a Substitute.Don't Merely "Stop" a
CoughStop the Thing that Causes It
and the Cough will
Stop Itself

A cough is really one of our best friends. It warns us that there is inflammation or obstruction in a dangerous place. Therefore, when you get a bad cough don't proceed to dose yourself with a lot of drugs that merely "stop" the cough temporarily by deadening the throat nerves. Treat the cause—the inflamed membranes. Here is a home made remedy that gets right at the cause and will make an obstinate cough vanish more quickly than you ever thought possible.

Put 2½ ounces of Pinex (50 cents worth) in a pint bottle and fill the bottle with plain granulated sugar syrup. This gives you a full pint of the most pleasant and effective cough remedy you ever used, at a cost of only 54 cents. No bother to prepare. Full directions with Pinex.

It heals the inflamed membranes so gently and promptly that you wonder how it does it. Also loosens a dry, hoarse or tight cough and stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent loose cough.

Pinex is a highly concentrated compound of Norway pine extract, rich in gualacal, and is famous the world over for its healing effect on the membranes.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex," and don't accept anything else. A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

QUICK TIRE SERVICE

Go anywhere in the city and change your tires free. We sell Republic, Kelly-Springfield and Goodyear Tires and Tubes. Steam Vulcanizing while you wait. We repair automobiles; competent mechanics, charges reasonable.

Corn Limpers! Use "Gets-It" and Smile!

Corns Come Right Off, Clean and Quick! You Needn't Limp or Fuss With Yaws, Corns, Any More.

What's the use of spending a good time for yourself by limping around with fierce corns? It's one of the easiest things in the world, now, to get rid of them. That's why "Gets-It" has become the corn

"These Corns Come Right Off, Clear As a Whistle, by Using 'Gets-It'!"

remedy of America, the biggest selling corn remedy in the world, preferred by millions. Do you remember that toe-eating salve you tried, that stick tape, that toe-bundling bandage, the gouging you've done with knives, razors and scissors? Well, now, forget them all. No more fussing, no more pain. Whenever you use simple, easy "Gets-It," the corn is doomed, sure. So is every callus, wart or bunion. Never cut corns or calluses. It makes them grow that much faster and increases the danger of blood poisoning. No cutting is necessary by using "Gets-It." Use it tonight and end your corny existence.

"Gets-It" is sold by all druggists, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago.

JESS WILLARD HERE WITH 101 WILD WEST

WORLD'S CHAMPION PROVES THE CHIEF DRAWING CARD, BOTH PERFORMANCES.

Some of Good Features Consist of Expert Ropers, Riders and Rifle Shots.

"I won't wait for Moran to challenge me," declared Jess Willard, heavyweight champion of the world, last night. "As soon as I have had a short rest, I will issue the challenge myself."

The big cowboy was interviewed as he was seated in his automobile near his private car just previous to the night performance of the 101 Ranch show with which he is traveling.

Willard said he was not surprised that Moran made short work of Coffey Tuesday night at New York, but hardly expected him to finish the affair in three rounds.

The champion said that he and his manager had not yet come to terms with any of the New Orleans clubs which are bidding for his next fight. "I want a fight," he said, however, and declared he will issue a challenge. His contract with the show is up November 1.

Willard may need a rest, but he doesn't look it. If ever an athlete looked to be in perfect shape, not to be in actual training for a bout, he does.

He has his own automobile, a Fiat, made especially for him. Although the car is roomy, there is no space for a crowd when the giant is aboard. He rides about at every place he goes, a big cowboy hat on his head. With the show, among hundreds of other "punchers," the champion seems to be in his element. Someway he doesn't look as if he would jibe well with the white lights and other temptations which have conquered more than one champion.

Willard met a former opponent in the prize ring while in Waco. Pat Harrison of the New Turf fought Willard August 9, 1911, at Elk City, Okla.

No Civil Cases Will Be Tried This Term in the 54th Court

Owing to the enormous amount of criminal work in the Fifty-fourth district court, Judge Richard I. Munroe will not be able to try any civil cases, except divorce cases, and the civil cases on the Fifty-fourth court docket will be transferred to the other two district courts. The criminal docket was a heavy one to start with this term and the grand jury is still working, turning in indictments in more new cases that must be tried, some of which promise to be hard fought. The present grand jury is expected to turn in at least 200 indictments, perhaps more.

DISPLAY OF TEXTILES WILL BE INTERESTING

COTTON PALACE MANAGEMENT INCREASES SPACE FOR THIS DEPARTMENT.

NO ENTRIES AFTER NOV. 3

Many Premiums Offered in Various Classes of Fancy Needle-work.

The textile department at the Cotton Palace will be a revelation to the visitors. An effort is being made by Mrs. J. S. Hill, chairman of that section of the exhibition, and the other ladies on her committee, to make it more interesting than ever before. The management of the Cotton Palace have given larger space for the textiles than in previous years. Attention is called to the rule that does not permit any articles for exhibition to be received after Wednesday, November 3. This rule will be strictly enforced.

The rules governing this department and the premiums that will be presented follow:

No charge for entries in this department.

All articles must be the work of the exhibitor. All work must be completed.

Articles will not be received which are soiled or unfit for exhibition.

Articles required to be made within the past five years.

Articles for sale cannot be entered.

An exhibitor cannot enter more than five pieces of her own work.

The exhibitor having received the greatest number of premiums on articles of her own work will be awarded the sweepstake premium of \$3.

Initial or Monogram.

Best initial or monogram, first prize \$1; second 50 cents.

Lingerie.

Night dress, first prize \$1, second 50 cents.

Combination suit, first prize \$1.50, second 75 cents.

Underskirt, first prize \$1, second 50 cents.

Corset cover, first prize \$1, second 50 cents.

Best collection, not less than three pieces, first prize \$2, second \$1.

French and Eyelet Embroidery.

Fancy waist, first prize \$1.50, second 75 cents.

Scarf, first prize \$1, second 50 cents.

Infant's cap, first prize \$1, second 50 cents.

Infant's dress, first prize \$1, second 50 cents.

Center-piece, first prize \$1, second 50 cents.

Lunch cloth, first prize \$1.50, second 75 cents.

Lace Work.

Infant's cap, first prize \$1.50, second 75 cents.

Collar, first prize \$1, second 50 cents.

Handkerchief, first prize \$1, second 50 cents.

Center-piece, first prize \$1, second 50 cents.

Tatting, any specimen, first prize \$1, second 50 cents.

Punch Work.

Best specimen, first prize \$1, second 50 cents.

Knitting and Crochet.

Medallions, first prize \$1, second 50 cents.

Crochet collar, first prize \$1, second 50 cents.

YOUR BRONCHIAL TUBES

When a cold settles in the bronchial tubes, with that weakening, tickling cough, immediate treatment is very important. The breath seems shorter because of mucous obstructions; usually fever is present, your head jars with every cough and your chest may ache. This is no time for experimenting or delay—you must get Scott's Emulsion at once to drive out the cold which started the trouble, and it will check the cough by aiding the healing process of the enfeebled membranes.

If you have any symptoms of bronchitis, or even a stubborn cold, always remember that Scott's Emulsion has been relieving this trouble for forty years. It is free from alcohol or drugs. Refuse substitutes.

Scott & Bowne, Bloomfield, N. J. 15-25

Center-piece, first prize \$1, second 50 cents.

Linen and crochet center-piece, first prize \$1, second 50 cents.

Crochet yoke, first prize \$1, second 50 cents.

Sack, first prize \$1, second 50 cents.

Shawl, first prize \$1, second 50 cents.

Slippers, first prize \$1, second 50 cents.

Crochet lace, not less than one yard, first prize \$1, second 50 cents.

Crochet spread, first prize \$1.50, second 75 cents.

Knit spread, first prize \$1.50, second 75 cents.

Any article not mentioned, first prize \$1, second 50 cents.

Best collection, not less than three pieces, first prize \$2, second \$1.

Quilts.

Rug, any material, first prize \$1, second 50 cents.

Patch work, quilt cotton, first prize \$1.50, second 75 cents.

Patch work, quilt silk, first prize \$1.50, second 75 cents.

Applique, first prize \$1.50, second 75 cents.

Children's Work.

Children over twelve years of age cannot compete in this class.

Embroidery, any style, first prize \$1, second 50 cents.

Crochet, any specimen, first prize \$1, second 50 cents.

Best specimen of hand sewing, first prize \$1, second 50 cents.

Best garment, first prize \$1.50, second 75 cents.

Old Ladies' Work.

Best specimen of darning, first prize \$1, second 50 cents.

Lace work, any specimen, first prize \$1, second 50 cents.

Embroidery, any style, first prize \$1, second 50 cents.

Center-piece, first prize \$1, second 50 cents.

Lunch cloth, first prize \$1, second 50 cents.

Spread knit, first prize \$1, second 50 cents.

Spread crochet, first prize \$1, second 50 cents.

Best collection, not less than three pieces, first prize \$2, second \$1.

Novelties.

In this class exhibitor may enter as many different small fancy articles, suitable for gifts, as may be desired, exclusive of entries in other classes.

Best fancy novelty for gift, first prize \$1.50, second \$1, third 50 cents.

Miscellaneous.

Articles must be entered here which are not particularly mentioned in the other classes. Each variety of work must compete with its kind—Hardanger with Hardanger, Mt. Mellick with Mt. Mellick, etc.

Table cover, first prize \$1, second 50 cents.

Boudoir cap, first prize \$1, second 50 cents.

Dressing sacque or kimono, first prize \$1, second 50 cents.

Sofa pillow, first prize \$1, second 50 cents.

Bag, first prize \$1, second 50 cents.

Pin cushion, first prize \$1, second 50 cents.

Hardanger piece, first prize \$1, second 50 cents.

Cornation braid piece, first prize \$1, second 50 cents.

Article in drawn work, first prize \$1, second 50 cents.

Article in Fillet lace, first prize \$1, second 50 cents.

Article in Macramé, first prize \$1, second 50 cents.

Article in French knot embroidery, first prize \$1, second 50 cents.

Article in ribbon embroidery, first prize \$1, second 50 cents.

Article in outline, first prize \$1, second 50 cents.

Article in Mt. Mellick, first prize \$1, second 50 cents.

Article in Battenburg, first prize \$1, second 50 cents.

Article in Roman cut work, first prize \$1, second 50 cents.

Afghan, first prize \$1, second 50 cents.

New York Police Switchboard Shown in "Soul of Broadway"

The switchboard of the mammoth police headquarters building in New York City, the largest telephone operating board in the world, is seen in full operation with its uniformed operators in "The Soul of Broadway," the sensational William Fox photodrama starring the far-famed Valeska Suratt, which will be shown at the Hippodrome here Friday and Saturday. Such a privilege has never before been granted any picture company; in fact, the proceedings at the switchboard over which come the swiftly flashed reports of crimes, large and small, in every section, have been kept a secret from outsiders. In "The Soul of Broadway," therefore, the public at large gets its first chance to see just how the New York police headquarters telephone system is worked, including the operation of sending out a general alarm for an escaped murderer.

The switchboard, which is shown in its entirety and in "close-ups," is four hundred feet long and at it are seated twenty operators, all keen, alert, picked men in uniform. It is estimated that in the course of a year six million calls come over the wires, some trivial, some telling tragic stories of crime and death in their most hideous and repellent forms. In making the scenes at police headquarters, Director Herbert Brenon has the full co-operation of Commissioner Arthur Woods, every operation being carried out in minute detail and according to the exact daily routine followed in such matters.

Ringwalt Trial Postponed.

By The Associated Press.

Dallas, Oct. 20.—Trial of R. C. Ringwalt, former cashier of the Oriental hotel, Dallas, charged in seven cases with embezzlement of funds aggregating a total of \$48,000, was postponed today by Judge R. B. Seay. The case will be called November 17. Ringwalt now resides in St. Louis.

CLAY ST. BAPTIST CHURCH WILL MOVE TO NEW LOCATION

In a special conference last night, the Clay Street Baptist church decided on a new location at the corner of Fifteenth and Clay streets. This came as the culmination of a plan long cherished by the pastor, Rev. O. E. Bryan, and doubtless by many of his congregation.

The matter of a new site was brought up last Sunday and the church invited an advisory committee to view out the field and recommend a future building site. Dr. Jeff D. Ray of the Southwestern seminary in Fort Worth, Rev. C. G. Howard, pastor of the Baptist church at Marlin, and Rev. L. E. Masters, missionary of Waco Baptist association, were named on the committee.

The committee spent yesterday surveying the situation and preparing their report. At the church last night a large and very representative number of the members were present to hear the findings of the committee. The report was adopted very heartily and unanimously. Those present say they have scarcely ever seen a movement so grave and so important carried through with such splendid feeling and spontaneous spirit.

The report as adopted follows: "We, the undersigned, acting as a committee, invited by Clay Street church to advise as to the question of site for its future work, recommend the site at Fifteenth and Clay streets. Some of the reasons leading to this recommendation are as follows:

"1. Deference to a general expectation. For more than a year there seems to have been a general feeling that Clay Street church would ultimately be so located as to meet the needs of the entire southwest section of the city. While the church is, of course, not bound by this public expectation, we feel that it would be well for the church to fulfill, as far as possible, without doing violence to its own work, this expectation on the part of the Baptist family of the city.

"2. Unifying on common ground the interests of the entire community. Unity is always to be desired and is, in fact, essential to the most efficient work. It seems to us that the location recommended would, more than any other, call out the co-operative activity of the whole section to be ministered to by the church.

"3. Caring for the entire field. Not only is the location recommended favorably situated, when viewed from the standpoint of the convenience of all the community, but it also meets the sociological, economic and religious needs of this entire section of the city.

"J. D. RAY,

"C. G. HOWARD,

"L. E. MASTERS, Chairman,

"Committee."

The pastor, deacons and trustees of the church were appointed a committee to carry forward all necessary negotiations in securing the property for the new location.

Clay Street church was organized twenty-seven years ago, where it now stands, at the corner of Eleventh and Clay, it being one of the oldest Baptist churches in the city. In the years, it has been a force for righteousness in that community, those who are familiar with its work declare. In recent years the membership has increased rapidly, there having been a net gain of 450 during the three years of Rev. Mr. Bryan's ministry. In the last year their growth has surpassed any other of the city or of this section, it is declared. They now have above 700 members.

It is contemplated that the move will be made in the near future. While no opportunity has been afforded as yet to study out the details of the church home that will occupy the new site, some of the members have suggested that the present building be utilized in the construction of a large tabernacle of stucco type to correspond with the Cotton Palace building, near which the new church will stand. No formal consideration has been given to this phase of the matter as yet, however.

Higher Court Affirms Sheb Strange Case

The conviction of Sheb Strange, who was tried in the county court here on an aggravated assault and battery charge, was affirmed yesterday by the court of criminal appeals. Strange was charged with assault and battery on W. J. Burdette at Eddy.

The court of civil appeals, Third district, yesterday refused a rehearing in the case of Ike Levy et al. vs. Dunken Realty company, from McLennan county, and the supreme court granted an application in the case of J. E. Brown, administrator, vs. S. S. Fleming, sheriff.

THEATRES

AUDITORIUM.

"Kick In." When A. H. Woods read the manuscript of the subsequently successful play, "Kick In," he complained to the author, Willard Mack, that it contained so much new slang that he was afraid of the audience. He was right. He is able to understand Mack supply a glossary or explanation of the underworld terms which were not generally heard in the higher circles of society. This was done, and every program now carries the following list for enlightenment: "tip," "big house," "state penitentiary," "county or city prison," "rocks," "money," "gloomed," "to convict," "fan," "to search," "bull," "detective," "harness bull," "police man," "kick in," "give up." The words "kick in" are heard only once during the course of the play, but the scene in which they are uttered is one of the most nerve-grabbing ever devised by a playwright. It comes during the third act when "Kick In," the reformed crook, discovers that his brother-in-law has in his possession, the \$20,000 diamond necklace for which the police are scouring the city. Although police are searching the city, the brother-in-law lifts a chair to threaten himself against search and threatens to smash in the skull of Hewes, who is within an inch of each other, and during this scene that the ushers usually are compelled to run down the aisles and quiet the audience.

ORPHEUM.

"Within the Law." Within the Law, the opening play for Miss Besse Dainty, is proving to be one of the treats of the season and each day finds the production is coming without a doubt the production is coming.

plete and the only thing that is cheap are the prices. Mr. Earle assures the theatre-going public that he will continue to offer nothing but the very best of plays and plays that have never been seen here except at advanced prices. "Rebecca of Sunnybrook Farm" should prove equally as popular as "Within the Law."

Mr. Miller, who painted the settings for "Within the Law," is busy painting the complete production for "Rebecca." Miss Dainty will play the title role, one in which she will give an excellent account of herself. Three matinees will be played each week.

HIPPODROME.

"The Brink." There is a moral for youths who seek a life of ease and who are tempted to go astray in "The Brink," the new play at the Hippodrome today only.

Thomas H. Maude and Rhea Mitchell, the story depicts a millionaire's son, whose other games of chance not only drive him penniless from home but later brings about his association with a band of thieves and then his regeneration by a beautiful girl who loves him.

Throughout the screening of this absorbing and novel picture play is seen the masterhand of Director Thomas H. Maude, whose fertile brain has conceived one of the most vividly realistic productions ever filmed. In intricate detail, the matter of the short cut to a gripping climax, in a past master of his art, and, as always, his selection of types in the casting of the players is manifested in "The Brink."

Forest Winant lives the part of the millionaire's son. Arthur Maude is up to his old tricks as the leader of the crooks. Rhea Mitchell proves that she is one of the most versatile of screen players as the innocent daughter of Maude, in love with Winant, in the piece. It is hard to realize that this same sweet-faced girl could have played so realistically the model in "The Devil," a characterization so extremely different.

Moving pictures of the first world series game at Philadelphia, showing the native views of Alexander, Speaker and timate views, will be shown in the other aspirants, will be shown in the new Pathe News with "The Brink." Mrs. Galt, the president's fiancée, also the president, will be shown in the News.

QUEEN.

"Little Mademoiselle" Today. Little Mademoiselle Lill has just arrived in New York from her native country, France, to make her home with her uncle, Henry Breval, a wealthy automobile manufacturer. Mr. Breval is determined that his only son, Etienne, shall marry his charming little French niece. Etienne, however, has other matrimonial ideas, unknown to his parents.

Mr. Breval decides to open an office at Boston, and starts for that city, taking his family with him. The train stops at a small village and Lill's attention is attracted by several children playing nearby. She leaves the train platform to play with them. The train pulls out, leaving her behind.

As she stands there, bewildered, she is startled by the approach of two tramps.

Frightened, Lill runs, the men following her. She finally reaches a village and finds all the people gathered in front of a garage. She appeals to them for aid. But no one can understand her until the man who was responsible for the gathering of the crowd comes forward. He is Jim Pemberton, son of an automobile manufacturer and business rival of Lill's uncle, who has just been discharged from the garage, is a college man and understands French. He takes care of Lill and finds shelter for her. When Jim leaves her she runs after him and by dint of much pleading persuades him to take her along. Each being penniless they start for Boston on foot. The next day after much hardship they reach a town where Jim learns of an automobile race to be held that day.

In order to earn the carfare to Boston, he applies for a job. As the driver of the Breval car, he finishes first and wins the race. With his well-earned pay he takes Lill to her uncle and aunt in Boston.

Mr. Breval in gratitude gives Jim a position in his office but refuses to allow him to court Lill, for he has in mind her marriage to Etienne, who in the meantime has been secretly married. Mr. Pemberton, learning where his son is at work, informs Mr. Breval of Jim's true identity. Etienne adds to the surprise by telling his father of his marriage and so Uncle Henry at last consents to the marriage of Lill and Jim.

AT THE REX TODAY.

"The Miracle of Life." One of the most beautiful motion pictures ever made is "The Miracle of Life," an allegorical drama by the American Film Manufacturing company, producers of "Damaged Goods." It follows closely the events in the life of a young bride, (played by Margarita Fischer in her charming style), and discloses a most unusual story. The complete story as published in yesterday's Morning News gives the spectator but a faint idea of the magnitude of the undertaking, but so delicately has the theme been handled that offense can be had by no one seeing it.

The picture will create a decidedly better impression with mothers and their children than any of the previous uplift plays. It will live in memory and endure the effects of the lesson it teaches will be felt into the centuries to come. It should be seen by every person, of any age, and is offered by the Rex management at prices of admission that exclude no one. The 10-cent admission for adults will hold good until 2 o'clock in the afternoon, at which time the admission price will be changed to 20 cents for adults and 10 cents for children.

"The Chorus Lady." James Forbes' drama, "The Chorus Lady," which for the last five years has endeared itself to the American public, will be at the Rex Friday and Saturday. The noted actress, Cleo Ridgely, appears as Patricia O'Brien in the leading role of "The Chorus Lady."

Patricia's younger sister, Nora, is played by Marjorie Daw, the clever little 14-year-old protegee of Gertrude Farnham. Wallace Reid is seen as Danny Mallory, the detective who is sincerely in love with "the chorus lady."

Patricia, a keen-witted, clean-livered chorus girl, and has dependent upon her little sister, Nora, who, stagestruck, has a quarrel with the theatre where "Pat" is rehearsing and insists that she be given a chance to go on the stage. Crawford, a young man about town, who also is backing the show, struck by Nora's youth and beauty, places her in the company.

Crawford at once begins playing Nora with attentions and the little country girl takes him seriously. At the dress rehearsal of the play, the star is taken ill and "Pat" is given the chance of her life.

Nora, knowing that "Pat" will be unable to leave the theatre, decides to go to Crawford, leaves a note for her sister to Crawford, and rushes home to pack. "Pat," half-dressed for the stage—finds the note, flings on a cloak and in a cab runs to Crawford's apartment, arriving there to find Crawford making violent love to "Pat" and demands that he choose between them. Crawford chooses "Pat."

In the meantime, Danny and another detective have been hired by Crawford's wife to get divorce evidence against her husband. They learn there is a chance in Crawford's apartment and break in, finding that the woman is Danny's own girl. The play concludes with all misunderstandings cleared away. To be shown at the Rex Friday and Saturday.

Are Football Rooters Livestock? Santa Fe Must Decide

Lawrence, Kan., Oct. 20.—If they can be classified as through livestock, 500 rooters from Kansas will journey to Norman, Okla., to cheer their football team in its annual game with the University of Oklahoma, October 20. Announcement was made today that the shipping department of the Atchison, Topeka and Santa Fe railway for three cattle cars for the accommodation of the students, which is obtained would enable each man to make the trip at a cost of about \$2.

Otherwise, it is feared the expense will prevent the enthusiasts from accompanying the team.

Coach Oleott said tonight that in the face of such support he did not see how Kansas could lose even though Oklahoma has the credit of a 24-9 victory over Missouri.

MARKET REPORT

COTTON

New York, Oct. 20.—After selling off rather sharply during today's early trading, the cotton market recovered its losses, with January advancing from 12.67c to 12.84c and closing at 12.81. The market but closed steady, net unchanged to 3 points lower.

The general market opened steady at an advance of 1 point on December, but generally 2 to 4 points lower in response to disappointing cables, with active months selling off another few points shortly after the call selling scattered liquidation and local pressure.

Reports that yesterday's rains in the eastern belt had caused damage to open cotton and talk of small ginning returns then caused a rally of 5 or 6 points but the market soon weakened again under southern, local and foreign selling. An easier turn in the stock market and reports of a disappointing export demand, together with prospects for more favorable weather, seemed to strengthen reactionary sentiment, and the market sold off to 12.52c for December and 12.80c for March during the early afternoon, when the general list ruled about 15 to 19 points net lower.

Houses with foreign connections were edited with selling between 15,000 and 20,000 bales on this decline and after these offerings had been absorbed the market firmed up following reports that a Chicago statistician estimated the crop at 10,000,000, excluding and 10,500,000 including linters.

Somewhat conflicting rumors were in circulation with reference to private ginning figures, but the latest reports were that returns to the southern bureau made the ginning to October 18 5,700,000 bales and estimated this at 60 per cent of the total lint yield.

New Orleans, Oct. 20.—Cotton was depressed by liquidation in the early trading, but recovered later on in attempts of early short sellers to get back their contracts at a profit. The tone was steady on the close and prices showed a net loss of 2 to 3 points.

On the opening call, the market was 1 to 2 points over yesterday's close, but this slight improvement was lost under selling started by improved weather conditions over the belt. Liquidation of long contracts, and the nearness of the census report on ginning was the main influence of the session and completely offset bullish weekly crop and weather reports from the government, as well as bullish ginning forecasts and private crop estimates. At the lowest the trading months were 11 to 14 points under yesterday's last quotation toward the close of the session, the market was much steadier, and bulls claimed the pressure of liquidation was over.

SPOTS.

New York, Oct. 20.—Middle 12.65c; market steady; sales none.

New Orleans, Oct. 20.—Middle 12.5c; market steady; sales 895, d. c. a. 00c.

Houston, Oct. 20.—Middle 12.5c; market steady; sales 847, f. o. b. 1100.

Galveston, Oct. 20.—Middle 12.4c; market steady; sales 762; receipts 12,664, stock 232,579.

Liverpool, Oct. 20.—Cotton spots steady; today.

Good middling 7.60; middling 7.25; low middling 6.80; sales 12,000; from London and export 1000; receipts 13,000.

FUTURES.

Liverpool, Oct. 20.—Cotton futures today closed barely steady:

October 7.11; October-November 7.11; November-December 7.11; December-January 7.11; January-February 7.12; February-March 7.12; March-April 7.13; April-May 7.13; May-June 7.13; June-July 7.14; July-August 7.14; August-September 7.14; September-October 7.14; October-November 7.15.

March 13.20 13.22 13.02 13.19

Tone—Steady.

WHEAT

Chicago, Oct. 20.—Government orders for heavy import duties in France put a new burden today on wheat prices here. Largely in consequence, the market, which was unsettled at the close, showed a decline of 1/4c to 1/2c in net, with December at \$1.04, 1/4c and May at \$1.05, 1/4c; the outcome in corn was the same as yesterday with 1/4c to 1/2c lower; oats were off 1/4c to 1/2c and provisions down 1/4c to 1/2c.

Official announcement that France had put into effect a stiff duty on wheat was generally construed here to mean for at least the time being a decided slackening of demand on this side of the Atlantic. According to leading authority, the plan is evidently an effort in the direction of a bearish control of prices and would tend to make any export business to France by ordinary merchants more difficult even than had recently been the case.

Abnormally enlarged receipts northwest with signs of a coming winter of heavy movement there from first hands operated also put the bulls at a disadvantage almost from the start, and to prevent any notable rally.

Estimates were current today that the Canadian export surplus of wheat might reach the immense total of 250,000,000 bushels. Another report was that 2700 carloads would arrive at Winnipeg tomorrow, as against only 187 cars on the corresponding day a year ago.

Corn gave way, owing to fine weather and the weakness of wheat. A sharp bulge in prices at Liverpool had the slight temporary effect on values here.

In the oats crowd, the chief factor was

the action of other grain. Commission houses took on the declines.

Sharp breaks in the hog market tumbled down provisions. What little support there was came almost entirely from shorts.

Futures ranged as follows:

Wheat—	Open.	High.	Low.	Close.
Dec.	1.06 1/4	1.06 3/4	1.04 1/4	1.04 1/4

Large Dairy Farmers Use Texaco Roofing

THAT in itself is one of the strongest recommendations for this particularly valuable Texaco Product.

Dairy farming, with its necessarily large investment and its costly live stock, has become a valuable and efficient industry.

The experienced business man engaged in it uses Texaco Roofing to protect his cows from rain and damp.

Texaco Roofing is a paying proposition for him. Not only for the protection afforded, but for the low cost of upkeep and the ease with which it is applied. These features make it doubly valuable on your house, barn or factory.

Lay it yourself and make a perfect roof. Get in touch with the Texaco agent in your town. Let him explain Texaco Roofing to you. It is a worthy representative of the whole line of Texaco Quality Products.

J. F. RIGGS

TAILOR MADE CLOTHING

Wichita Falls, Tex., Nov. 28, 1914.
Brin & Dolman,
City.

Gentlemen:

It affords me great pleasure to testify to the merits of the "Ziegler" Hot Blast Gas Heater purchased from you.

I have been the user of natural gas for the past ten years here and at other places, and have used practically all other makes of stoves. I have yet to find any gas stove that has given me the entire satisfaction that the "Ziegler" Hot Blast Stove has.

I have a "Ziegler" Stove in my home, which is heating three rooms in a most satisfactory manner. Last winter I used two stoves to do this same work. I am also using the "Ziegler" in my place of business and it is giving a most splendid heat and it is simply state that without a doubt the "Ziegler" Heater is the best on earth.

I find that with the "Ziegler" Stove I am able to get direct heat instantaneously and on the floor, where it is most needed. No other gas stove has ever done this for me.

Yours truly,
J. F. RIGGS.

We are exclusive agents in Waco for the Ziegler Stoves.

TELEPHONE BUILDING CONTRACT IS LET IN GREAT DANGER

JAS. S. HARRISON & SON OF WACO WILL ERECT 3-STORY STRUCTURE ON NORTH NINTH ST.

ESTIMATED COST IS \$80,000

Actual Work Will Be Commenced as Soon as Material Can Be Received in Waco.

In competition with firms from several places, James S. Harrison & Son of Waco was awarded the contract yesterday for the erection of the new Texas Telephone company building. The ground has already been cleared off and the excavation work done, so that the task of erecting the building can be begun at once. It is estimated that the total cost will be in the neighborhood of \$80,000.

The contract for plumbing and heating was awarded to H. H. Bros. & Co. of Waco and that for electrical work to the Wortham-Shotts company of Fort Worth. No amounts were made public for the various contracts.

Situated on North Ninth street, between Austin and Washington, the new building will be three stories and basement, fireproof throughout, with many special features for the comfort and convenience of the employees of the company. The building will follow substantially the plans as published in the Morning News several weeks ago, Ross & Cason, the architects, being busy now preparing the drawings which will be placed on display soon.

As soon as material arrives the work of erecting the new building will begin, and every effort will be made to complete it as soon as possible, as the company is desirous to get into its new quarters before the Southern plant is consolidated with that of the Texas Telephone company.

The bonds for the erection of the new building have been placed with the Theodore Gary Investment company of Kansas City, that concern having made a careful investigation of the affairs of the Texas Telephone company and the conditions of Central Texas before entering into the agreement to handle the securities.

Bradford Hancock Is Now Division Adjutant General

Adjutant Bradford Hancock of Pat Cleburne Camp, United Confederate Veterans, has been appointed assistant adjutant general of the Texas Division by Major General Felix Robertson, commanding and assigned to duty at division headquarters. The order making the appointment is as follows:

Headquarters Texas Division United Confederate Veterans, October 15, 1915.

1. Lieutenant Colonel Bradford Hancock is hereby appointed assistant adjutant general of the Texas division, U. C. V., and assigned to duty at division headquarters.

2. Owing to the continued ill health of Col. B. F. Weems he is relieved from active duty with the division.

3. All communications intended for division headquarters should be addressed to Lieutenant Colonel Bradford Hancock, assistant adjutant general, Waco, Texas.

4. Lieutenant Colonel Hancock will be obeyed as assistant adjutant general and chief of staff of Texas division, U. C. V.

5. In order that the minutes of the Hillboro meeting may show the names of all our comrades who have died between July 31, 1914, and July 31, 1915, the several camps are urged to promptly send forward mortality reports.

6. F. L. H. ROBERTSON, Major General Commanding Texas Division, U. C. V.

Waco Speakers' Club to Hear Pat Neff at Meeting Tonight

Pat Neff will deliver an address tonight in the Nineteenth district court room, on the third floor of the court house, under the auspices of the Waco Speakers' Club. His subject will be "The Vital Cost of Thinking People."

This is the regular open meeting of the club for October. It is a custom once each month for the club to invite some speaker of prominence outside its membership to deliver an address, at which time the general public is invited. At the meeting tonight many ladies are expected to be present, as several have inquired as to whether ladies would be welcome.

The regular debate is on the subject, "Resolved, that trial by judges should be substituted for the present mode of trial by jury in criminal cases."

At the last regular meeting the club voted to challenge Baylor university to a joint debate, and a committee was appointed to confer with representatives from the university and arrange details. It is understood that the challenge has been accepted, and a similar committee appointed by the university societies to confer with the committee from the Waco Speakers' Club.

Edison Day Will Not Be Observed Here by Sons of Jove

There will be no formal observance of Edison day today, named in honor of Thomas A. Edison, and commemorating the thirty-sixth anniversary of the discovery of incandescent lighting. It was announced yesterday that the proposed celebration by the local Jovian order had been called off on account of the desire of a great number of the members to attend the celebration of Electric Day at the Dallas fair. Nearly all the electric supply stores of the city have arranged special window displays depicting the history of Edison's progressive inventions that led to the present high stage of electric lighting.

He Suffered With Pains Throughout His Entire Body. Thought He Had Pleurisy.

"Twenty-five per cent of our educated people die because of ignorance," is the recent statement of a noted scientist. Although paradoxical, the truth of this statement is significant, especially with respect to those who live in the cities.

After a worldwide search, Plant Juice was discovered, which is a combination of plants from the juices of which was extracted a tonic that has proven to be the greatest of all known remedies for the stomach, liver, kidneys and blood. This is now widely known throughout the larger cities of the country on account of its re-vitalizing and reconstructive action, which is so apparent that the user finds himself infused with new life and his bodily ills vanish as if by magic.

Plant Juice is daily gaining converts throughout the country, as is attested by the following testimonial of O. C. Bean, who lives at No. 91 Franklin street, Boston, Mass., and is a street car conductor of that city. He said:

"I have had stomach trouble, indigestion and dyspepsia for the last three years. My food fermented in my stomach, causing gas and a heavy bloated condition, with severe pains all over my body and I thought that I had pleurisy. I was restless and nervous and could not sleep at night. I had tried a great many kinds of medicine, but got no benefit whatever from any of them. I heard of Plant Juice and have taken it for a short time, and I can now say that I have no pain whatever and am feeling like a new man. I can recommend it to every one. It is a first-class tonic for stomach trouble and I feel 90 per cent better."

Plant Juice is sold in Waco at Morrison's Old Corner Drug Store.

City Commission Will Meet Today; Air Brakes on Way

Commissioner Dunkin's ordinance requiring air brakes on all street cars will probably come up for action at the regular meeting of the city commission this morning. The ordinance was carried over from last week's of the commission upon request of Mayor Riggins that action be postponed until a full board was present. Commissioner Cockcroft was absent from the last meeting on account of illness. Commissioner Dunkin and Commissioner Dollins favor the ordinance, while Commissioner Richards announced his opposition to it at the last meeting of the commission following the statement of Superintendent H. B. Ross of the Southern Traction company that orders had been placed for air brakes to equip all cars operated in the city by that company.

According to a statement by Superintendent Ross yesterday the first of the air brakes were shipped yesterday from the factory of the Pennsylvania concern which has the contract for furnishing equipment for all cars operated in Waco by the Southern Traction company. Mr. Ross said that four sets of brakes were shipped yesterday and the other three will be made at the rate of two sets a month until the entire order was filled. Mr. Ross said that the company would begin to install the brakes in the cars immediately after the Cotton Palace.

A formal report of the results of the Tuesday's bond election in which bonds for a sewage disposal plant, for an extension of the sewer system, and for constructing bridges and culverts failed by a decided majority, will probably be made to the commission by Mayor Riggins.

Special Secured for State-A. & M. Game November 19

Arrangements for a special train over the H. & T. C. for the State A. and M. game at College Station, November 19, were completed yesterday in a conference between J. S. Sullivan, traveling passenger agent of the road, and R. J. Potts, acting for the A. and M. and State University alumni here. A round trip rate of \$1.25 was arranged for the trip. The special train will leave Waco on the morning of the game, returning the same day.

Reserved seats for the game and railroad tickets for the special will be placed on sale beginning next Monday at Sam Freund & Co.'s store No. 2, Fifth and Austin streets. Box seats must be reserved directly through the authorities at College Station or through Mr. Potts here, 1410 Amicable building.

Several hundred football enthusiasts including former students of both colleges, are expected to make the trip for the game, which marks the resumption of athletic relations after a suspension of several years.

Endeavor Society in Charge of "Y" Hallowe'en Stunts

The Christian Endeavor of the Central Presbyterian church will have charge of the regular Y. M. C. A. Hallowe'en social Thursday, October 28.

One of the best programs ever staged at the association is now being arranged.

What Every Mother Knows.

Every Mother knows that during the trying period before baby comes the use of Mother's Friend, a dependable external remedy obtained of druggists, is absolutely necessary so as to avoid the pains caused by undue tension upon the cords, ligaments and muscles resulting from muscular expansion. Under the surface is a network of fine nerve threads and by applying Mother's Friend all these are soothed and helped. Expansion is natural and pains are relieved. In many cases nausea, morning sickness and other distresses are avoided.

Boys' Apparel

Better Values, Longer Wear and Correct Styles at Moderate Prices

This briefly is the "why" of the greater business that we enjoy in our Boys' Department. We cater to the little man with the same degree of care and thoroughness that we exercise in the buying and selling of clothes for grown men. Parents and boys alike are partial to Sanger Brothers—the boy because we carry the things he likes to wear and the parents because Sanger clothes for boys are moderate in prices and superior in quality. We direct your attention to the following:

Boys' New Model Norfolk Suits at \$4.00 to \$15.00—These are splendid styles in all the new fancy patterns and Serges.

Boys' Mackinaw Coats \$4.00, \$5.00 and \$6.00—The new model Mackinaw Coats in the new plaids and splendid values.

Boys' Sweaters at \$1.00 to \$3.00—Every boy has need for a Sweater and we show them here in all colors.

Boys' Shirts and Blouses at 50c to \$2.50 Each—Carefully made and fashioned in the latest styles.

Boys' Union Suits at 50c to \$1.50 Each. Boys' Undershirts and Drawers at 25c and 50c a Garment.

Boys' Flannelette Night Shirts at 50c. Boys' Flannelette two-piece Pajamas at 75c and \$1.00. Boys' Flannelette New Model one-piece Pajamas at \$1.00 and \$1.25.

Children's Hats at 50c to \$3.00. Boys' Cloth Hats 50c and \$1.00. Boys' Felt Hats \$1.00, \$1.50 and \$2.00.

Boys' Regular Buckle Black and Tan Leather Belts at 25c and 50c. Boys' German Silver Buckle Leather Belts at 50c.

Jess Willard Says He Will Challenge Moran After Rest

The attraction of viewing in the flesh the champion of the world drew perhaps the largest part of the great crowds which attended the two performances of Miller Brothers & Arlingson's 101 Ranch Wild West show which was here yesterday on its annual visit to Texas.

That Jess Willard of Kansas who restored the heavyweight pugilistic championship to the white race by knocking out Jack Johnson in Havana last Fourth of July, was really the big attraction of the show was shown by the large percentage of the crowds which remained for the after-performance which followed each of the regular performances, and in which it had been announced that Willard would be seen in a three-round sparring contest with his trainer, Walter Monahan. The sight of the big fellow in his fighting rig was the whole show, however, as the sparring exhibition was tame, neither of the two extending himself.

The Miller Bros. show contains a number of really good features, including some expert ropers, riders and rifle and shotgun experts, that present a marvelous performance. One particularly effective feature is the presentation of Iron Trail, a chief of the Sioux, whose face appears on the "buffalo" nickel, and of the giant bison owned by the ranch which was used as a model for the bison head nickel. Joe Miller, of the Miller brothers, owner of the famous 101 Ranch in Western Oklahoma, accompanies the show.

Judge J. C. Davis to Speak Sunday at Y M C A Meeting

The religious work committee of the Young Men's Christian Association having charge of the meetings for men every Sunday in the Crystal theatre has secured Judge J. C. Davis for the address next Sunday.

Judge Davis is one of the leading attorneys in Central Texas and a great religious leader in thought and action. He will have a very helpful and interesting address and should be heard by a large crowd.
